## *ADOPTABLE DOGS*

# No Dogs For Adoption!

# *Medical Fundraiser*

*To defer the cost of surgery to his broken back leg!*

This sweet boy came to us with a broken femur from an injury he sustained. We have monitored him for a month in hopes the leg would start healing, but with the last round of x-rays it is apparent, the leg has been broken for too long and will require surgery. The Lewis and Clark Animal Hospital has been taking care of his needs, and plans are in the works with them or with the University of Minnesota to repair the damage and hopefully have him regain the use of his leg. With everything this boy has been through, he remains sweet, loving and is very playful.

## Things to think about:

*With the warm weather don't forget your four footed friends!*

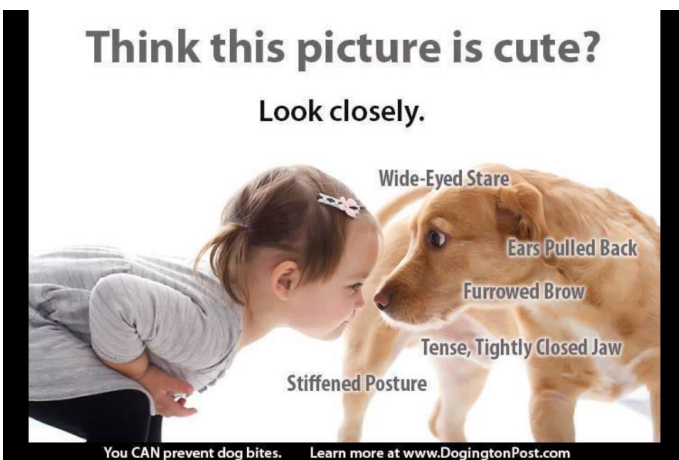

*\*Be sure they have access to adequate shelter, food and water!!*

*\*When walking your pal or having them outside, don't forget they can get heat stroke and burn the pads of the paws on hot pavement*

*\*Leaving your pets in a vehicle for a short period of time, even with the windows open, can be deadly for the animal!!!*

*\*And always vaccinate your animals, it's a small price to pay to keep your pets healthy!*

*\*Remember not every dog or cat is use to being approached by people, children, or other animals use caution and ask the owner if you can pet their animal. Never allow a child to run up and grab a dog or cat. **AVOID BEING BIT!!***

*Reminder: diligent pet owners not only have a city license, but they also are sure to have their pet wearing it!! (This tag will allow us to get lost pets home MUCH faster and saves you money too!)*

**Animal Control wishes to thank all those who have taken on the loving challenge of adopting a pet from us. THANK YOU!**

*Keep checking back for the most current residents in need of homes!  
They are most appreciative!*
